Subject index*

A

Absorbable implants
Fixation of mandibular fractures with biodegradable plates and screws (Yerit et al). 2002;94:294-300
Functional fixation of autotransplanted tooth germs by using bioresorbable membranes (Gérard et al). 2002;94:667-72
The use of bioabsorbable osteofixation devices in craniomaxillofacial surgery (Peltoniemi et al). 2002;94:5-14
Academics; *see* Education, dental
Adenocarcinoma, mucinous
Mucinous adenocarcinoma of probable minor salivary gland origin (Notani et al). 2002;94:738-40
Adenomatoid tumor
Adenomatoid odontogenic tumor mimicking a periapical (radicular) cyst: a case report (Philipsen et al). 2002;94:246-8
Adenomatoid odontoma (Ide and Kusama). 2002;94:149-50
Adenosine triphosphate
Expression of adenosine triphosphate P2X3 receptors in rat molar pulp and trigeminal ganglia (Jiang and Gu). 2002;94:622-6
Age factors
Age-related changes in the immunoreactivity of the monocyte/macrophage system in rat molar pulp after cavity preparation (Izumi et al). 2002;94:103-10
Maternal age and oral clefts: a reappraisal (Vieira et al). 2002;94:530-5
Aged
Association of salivary flow rate with oral function in a sample of community-dwelling older adults in Japan (Ikebe et al). 2002;94:184-90
Effect of professional oral health care on the elderly living in nursing homes (Adachi et al). 2002;94:191-5
Late-life depression: psychopathology, medical interventions, and dental implications (Friedlander and Norman). 2002;94:404-12
Salivary albumin and other constituents and their relation to oral and general health in the elderly (Meurman et al). 2002;94:432-8
AIDS; *see* HIV
Air bags
Automobile supplemental restraint system–induced injuries (Boyd). 2002;94:143-8
Albumins
Salivary albumin and other constituents and their relation to oral and general health in the elderly (Meurman et al). 2002;94:432-8
Alveolar bone loss
Accuracy of computer-assisted radiographic measurement of interproximal bone loss in vertical bone defects (Kim et al). 2002;94:379-87
Alveolar distraction: analysis of 10 cases (Uckan et al). 2002;94:561-5

American Academy of Oral and Maxillofacial Pathology
Abstracts of the Essay Programs of the 56th Annual Meeting of the American Academy of Oral and Maxillofacial Pathology. 2002;94:205-16
Ammonia
Monitoring ammonia to assess halitosis (Amano et al). 2002;94:692-6
Amoxicillin-potassium clavulanate combination
Effects of 0.2% chlorhexidine gluconate and amoxicillin plus clavulanic acid on the prevention of alveolar osteitis following mandibular third molar extractions (Delilbasi et al). 2002;94:301-4
Amyloidosis
Amyloidosis of the tongue as a paraneoplastic marker of plasma cell dyscrasia (van der Waal et al). 2002;94:444-7
Anatomy, regional
Solid-state nuclear magnetic resonance microscopy demonstrating human dental anatomy (Appel and Baumann). 2002;94:256-61
Anesthesia and analgesia
Comparison of topical anesthesia of 20% benzocaine and 60% lidocaine gel (Fukayama et al). 2002;94:157-61
A new method of continuous maxillary nerve block with an indwelling catheter (Kohase et al). 2002;94:162-6
Angiofibroma
Juvenile angiofibroma: report of a case with intraoral presentation (Antoniades et al) 2002;94:228-32. Correction 2002;94:648
Angioleiomyoma; *see* Leiomyoma
Angiomyoma
Clinicopathologic characterization of oral angioleiomyomas (Brooks et al). 2002;94:221-7
Angiosarcoma; *see* Hemangiosarcoma
Anodontia
Central odontogenic fibroma-like tumors, hypodontia, and enamel dysplasia: review of the literature and report of a case (Raubenheimer and Noffke). 2002;94:74-7
Anti-infective agents
Effects of 0.2% chlorhexidine gluconate and amoxicillin plus clavulanic acid on the prevention of alveolar osteitis following mandibular third molar extractions (Delilbasi et al). 2002;94:301-4
Identification of bacteria in acute endodontic infections and their antimicrobial susceptibility (Khemaleelakul et al). 2002;94:746-55
Regression of HIV parotid swellings after antiviral therapy: case reports with computed tomographic scan evidence (Mandel and Surattanont). 2002;94:454-9
Substantive antimicrobial activity in chlorhexidine-treated human root dentin (Basrani et al). 2002;94:240-5
Tissue-dissolving capacity and antibacterial effect of buffered and unbuffered hypochlorite solutions (Zehnder et al). 2002;94:756-62
Anticoagulants
Oral surgery in patients on anticoagulant therapy (Scully and Wolff). 2002;94:57-64
Antidepressive agents
Late-life depression: psychopathology, medical interventions, and dental implications (Friedlander and Norman). 2002;94:404-12

Antineoplastic agents
The role of salivary function in modulating chemotherapy-induced oropharyngeal mucositis: a review of the literature (Epstein et al). 2002;94:39-44
Thymidylate synthase and dihydropyrimidine dehydrogenase expression in oral squamous cell carcinoma: an immunohistochemical and clinicopathologic study (Kawasaki et al). 2002;94:717-23
Arteriovenous malformation
Comparative study of clinical manifestation, plain-film radiography, and computed tomographic scan in arteriovenous malformations of the jaws (Fan et al). 2002;94:503-9
Automobiles
Automobile supplemental restraint system–induced injuries (Boyd). 2002;94:143-8
Autonomic nervous system
Treatment of parotid ductal stenosis and concomitant resolution of autonomic symptomatology (Gear et al). 2002;94:632-5
Autotransplantation; *see* Transplants

B

Bacteria
Efficacy of bacterial removal from instrumented root canals in vitro related to instrumentation technique and size (Rollison et al). 2002;94:366-71
Identification of bacteria in acute endodontic infections and their antimicrobial susceptibility (Khemaleelakul et al). 2002;94:746-55
Benzocaine
Comparison of topical anesthesia of 20% benzocaine and 60% lidocaine gel (Fukayama et al). 2002;94:157-61
Bioabsorbable devices; *see* Absorbable implants
Biocompatible materials
Cytotoxicity of resin-based restorative materials on human pulp cell cultures (Huang and Chang). 2002;94:361-5
Grafting mandibular third molar extraction sites: a comparison of bioactive glass to a nongrafted site (Throndson and Sexton). 2002;94:413-19
Biopsy
Only fully trained oral medicine clinicians should use cytobrush (Czerninski and Markitziu) (Letter); (Greenberg) (Reply). 2002;94:655-7
Oral Kaposi's sarcoma: biopsy accessions as an indication of declining incidence (Regezi and Jordan). 2002;94:399 (Letter)
Bispectral index scale
BIS monitoring during midazolam and midazolam-ketamine conscious intravenous sedation for oral surgery (Morse et al). 2002;94:420-4
Bleeding; *see* Hemorrhage
Bleeding time
Relationship between bleeding time test and postextraction bleeding in a healthy control population (Brennan et al). 2002;94:439-43
Blood pressure
Elevated blood pressure is not related to saliva flow in patients with Sjögren's syndrome (Sankar et al). 2002;94:179-83
Buffers
Tissue-dissolving capacity and antibacterial effect of buffered and unbuffered hypochlorite solutions (Zehnder et al). 2002;94:756-62

C

Calcinosis
Calcification of the branches of the external carotid artery detected by panoramic radiography: a case report (Suarez-Cunqueiro et al). 2002;94:636-40
Carotid calcification on panoramic radiographs: an important marker for vascular risk (Cohen et al). 2002;94:510-14
Correlating carotid artery stenosis detected by panoramic radiography with clinically relevant carotid artery stenosis determined by duplex ultrasound (Almog et al). 2002;94:768-73
Hereditary pattern for dentinal dysplasia type Id: a case report (Comer and Gound). 2002;94:51-3
Calcium hydroxide
Calcium hydroxide as a temporary filling of the post space in root-filled teeth (Gimbel et al). 2002;94:98-102
Intracanal placement of calcium hydroxide: a comparison of two different mixtures and carriers (Öztan et al). 2002;94:93-7
Calculi
Giant salivary gland calculi: diagnostic imaging and surgical management (Bodner). 2002;94:320-3
Candida albicans
Candida albicans adherence to resin-composite restorative dental material: influence of whole human saliva (Maza et al). 2002;94:589-92
Carcinoma
Carcinoma cuniculatum of the jaw: a rare variant of oral carcinoma (Allon et al). 2002;94:601-8
Carcinoma, squamous cell
The application of a radiotherapy-planning system: consideration from a case of intraoral squamous cell carcinoma that lacked a control (Sakurai et al). 2002;94:122-30
Paracoccidioidomycosis: report of 2 cases mimicking squamous cell carcinoma (Meneses-García et al). 2002;94:609-13
p53, mdm2, and p21 expression in oral squamous cell carcinomas: relationship with clinicopathologic factors (Yanamoto et al). 2002;94:593-600
Proliferation and invasion factors in HIV-associated dysplastic and nondysplastic oral warts and in oral squamous cell carcinoma: an immunohistochemical and RT-PCR evaluation (Regezi et al). 2002;94:724-31
Thymidylate synthase and dihydropyrimidine dehydrogenase expression in oral squamous cell carcinoma: an immunohistochemical and clinicopathologic study (Kawasaki et al). 2002;94:717-23
Carotid artery diseases
Calcification of the branches of the external carotid artery detected by panoramic radiography: a case report (Suarez-Cunqueiro et al). 2002;94:636-40
Carotid calcification on panoramic radiographs: an important marker for vascular risk (Cohen et al). 2002;94:510-14
Correlating carotid artery stenosis detected by panoramic radiography with clinically relevant carotid artery stenosis determined by duplex ultrasound (Almog et al). 2002;94:768-73
Catheters, indwelling
A new method of continuous maxillary nerve block with an indwelling catheter (Kohase et al). 2002;94:162-6
Celiac disease
Celiac disease and recurrent aphthous stomatitis: a report and review of the literature (Sedghizadeh et al). 2002;94:474-8
Cheilitis
Actinic prurigo cheilitis: clinicopathologic analysis and therapeutic results in 116 cases (Vega-Memije et al). 2002;94:83-91
Chemotherapeutic agents; *see* Antineoplastic agents
Child
Delayed signs and symptoms after oropharyngeal trauma in a child (Bar et al). 2002;94:15-17
Juvenile angiofibroma: report of a case with intraoral presentation (Antoniades et al) 2002;94:228-32. Correction 2002;94:648
Juvenile xanthogranuloma of the oral cavity in children: a clinicopathologic study (Flaitz et al). 2002;94:345-52

A retrospective study of selected oral and maxillofacial fractures in a group of Jordanian children (Qudah and Bataineh). 2002;94:310-14
Sex-dependent differences in the craniofacial morphology of children with a sleep-related breathing disorder (Kawashima). 2002;94:167-74

Chlorhexidine
Effects of 0.2% chlorhexidine gluconate and amoxicillin plus clavulanic acid on the prevention of alveolar osteitis following mandibular third molar extractions (Delilbasi et al). 2002;94:301-4
Substantive antimicrobial activity in chlorhexidine-treated human root dentin (Basrani et al). 2002;94:240-5

Chondromatosis, synovial
Synovial chondromatosis of the temporomandibular joint: clinical, diagnostic, and histomorphologic findings (von Lindern et al). 2002;94:31-8

Cleft lip and cleft palate
Maternal age and oral clefts: a reappraisal (Vieira et al). 2002;94:530-5
Soft tissue profile changes of the midface in patients with cleft lip and palate following maxillary distraction osteogenesis: a preliminary study (Harada et al). 2002;94:673-7

Cocaine
Aggressive destructive midfacial lesion from cocaine abuse (Seyer et al). 2002;94:465-70

Computed tomography; *see* Tomography, emission-computed; Tomography, x-ray computed

Computer simulation
Three-dimensional imaging for craniofacial reconstruction (Mupparapu) (Letter); (Papadopoulos and Athanasiou) (Reply). 2002;94:527-9

Condyle, mandibular; *see* Mandibular condyle

Conscious sedation
BIS monitoring during midazolam and midazolam-ketamine conscious intravenous sedation for oral surgery (Morse et al). 2002;94:420-4

Corrections
Candidal carriage in the oral cavity of human immunodeficiency virus–infected subjects (Campisi et al) (2002;93:281-6). 2002;94:138
Juvenile angiofibroma: report of a case with intraoral presentation (Antoniades et al) (2002;94:228-32). 2002;94:648

Correspondence; *see* Letters to the Editor

Craniofacial abnormalities
Oral and clinical characteristics of a group of patients with Turner syndrome (López et al). 2002;94:196-204
Sex-dependent differences in the craniofacial morphology of children with a sleep-related breathing disorder (Kawashima). 2002;94:167-74
Three-dimensional imaging for craniofacial reconstruction (Mupparapu) (Letter); (Papadopoulos and Athanasiou) (Reply). 2002;94:527-9

Cysts. *see also* Odontogenic cysts
Anterior lingual mandibular salivary gland defect (Stafne defect) presenting as a residual cyst (de Courten et al). 2002;94:460-4
Ciliated epithelium–lined radicular cysts (Nair et al). 2002;94:485-93
Follicular/desmoplastic hybrid ameloblastoma with radiographic features of concomitant fibro-osseous and solitary cystic lesions (Wakoh et al). 2002;94:774-80
Lateral neck mass (Anavi et al). 2002;94:536-9

D

Dental care
An analysis of oral surgical dental visits by provider type, 1996 (Manski et al). 2002;94:687-91
Effect of professional oral health care on the elderly living in nursing homes (Adachi et al). 2002;94:191-5

Dental implants
Alveolar distraction: analysis of 10 cases (Uckan et al). 2002;94:561-5
Evidence-based dentistry (Mupparapu) (Letter); (Larsen) (Reply). 2002;94:2-4

Dental instruments
Efficacy of bacterial removal from instrumented root canals in vitro related to instrumentation technique and size (Rollison et al). 2002;94:366-71
Influence of a microbrush on bonding fiber post into root canals under clinical conditions (Ferrari et al). 2002;94:627-31

Dental leakage
Calcium hydroxide as a temporary filling of the post space in root-filled teeth (Gimbel et al). 2002;94:98-102
An 18-month longitudinal study on a new silicon-based sealer, RSA RoekoSeal: a leakage study in vitro (Wu et al). 2002;94:499-502

Dental pulp
Age-related changes in the immunoreactivity of the monocyte/macrophage system in rat molar pulp after cavity preparation (Izumi et al). 2002;94:103-10
Cytotoxicity of resin-based restorative materials on human pulp cell cultures (Huang and Chang). 2002;94:361-5
Hereditary pattern for dentinal dysplasia type Id: a case report (Comer and Gound). 2002;94:51-3
Response of autotransplanted teeth to electric pulp testing (Waikakul et al). 2002;94:249-55

Dentin
Hereditary pattern for dentinal dysplasia type Id: a case report (Comer and Gound). 2002;94:51-3
Substantive antimicrobial activity in chlorhexidine-treated human root dentin (Basrani et al). 2002;94:240-5

Depression
Late-life depression: psychopathology, medical interventions, and dental implications (Friedlander and Norman). 2002;94:404-12

Diagnosis
Comparison of ultrasonography with magnetic resonance imaging in the diagnosis of temporomandibular joint internal derangements: a preliminary investigation (Uysal et al). 2002;94:115-21
Early detection of oral premalignant disease and oral cancer: refining the process (Gould). 2002;94:397-8 (Editorial)
Only fully trained oral medicine clinicians should use cytobrush (Czerninski and Markitziu) (Letter); (Greenberg) (Reply). 2002;94:655-7
There are good reasons for selecting panoramic radiography to replace the intraoral full-mouth series. (Farman) (Letter); (Rushton and Horner) (Reply). 2002;94:653-5
There are only 4 things that go wrong with people (Matteson). 2002;94:526 (Editorial)

Dialister pneumosintes
Dialister pneumosintes can be a suspected endodontic pathogen (Siqueira and Rôças). 2002;94:494-8

Dihydropyrimidine dehydrogenase
Thymidylate synthase and dihydropyrimidine dehydrogenase expression in oral squamous cell carcinoma: an immunohistochemical and clinicopathologic study (Kawasaki et al). 2002;94:717-23

Dirofilariasis
Dirofilaria repens presenting as a premasseteric nodule (Latifolu et al). 2002;94:217-20
Disinfectants; *see* Anti-infective agents
Distraction osteogenesis; *see* Osteogenesis, distraction
Dry mouth; *see* Xerostomia
Dry socket
Effects of 0.2% chlorhexidine gluconate and amoxicillin plus clavulanic acid on the prevention of alveolar osteitis following mandibular third molar extractions (Delilbasi et al). 2002;94:301-4
Dysautonomia, familial
Submandibular and sublingual salivary gland function in familial dysautonomia (Wolff et al). 2002;94:315-19

Association of salivary flow rate with oral function in a sample of community-dwelling older adults in Japan (Ikebe et al). 2002;94:184-90
Elevated blood pressure is not related to saliva flow in patients with Sjögren's syndrome (Sankar et al). 2002;94:179-83
Parotid sialography for diagnosing Sjögren syndrome (Kalk et al). 2002;94:131-7
The role of salivary function in modulating chemotherapy-induced oropharyngeal mucositis: a review of the literature (Epstein et al). 2002;94:39-44
A simple technique for the determination of salivary gland hypofunction (Wolff et al). 2002;94:175-8
Submandibular and sublingual salivary gland function in familial dysautonomia (Wolff et al). 2002;94:315-19

Sarcoma, Kaposi
Oral Kaposi's sarcoma: biopsy accessions as an indication of declining incidence (Regezi and Jordan). 2002;94:399 (Letter)

Sedation, conscious; *see* Conscious sedation

Septicemia
A retrospective investigation of advanced periodontal disease as a risk factor for septicemia in hematopoietic stem cell and bone marrow transplant recipients (Akintoye et al). 2002;94:581-8

Sex factors
Sex-dependent differences in the craniofacial morphology of children with a sleep-related breathing disorder (Kawashima). 2002;94:167-74

Sexually transmitted diseases
Intraoral molluscum contagiosum (Kaur and Thami) (Letter); (Fornatora et al) (Reply). 2002;94:279-80

Sialography
Parotid sialography for diagnosing Sjögren syndrome (Kalk et al). 2002;94:131-7

Silicon
An 18-month longitudinal study on a new silicon-based sealer, RSA RoekoSeal: a leakage study in vitro (Wu et al). 2002;94:499-502

Silicones
Silicone granuloma of the facial tissues: a report of seven cases (Ficarra et al). 2002;94:65-73

Sjogren's syndrome
Elevated blood pressure is not related to saliva flow in patients with Sjögren's syndrome (Sankar et al). 2002;94:179-83
Parotid sialography for diagnosing Sjögren syndrome (Kalk et al). 2002;94:131-7

Sleep apnea, obstructive
Sex-dependent differences in the craniofacial morphology of children with a sleep-related breathing disorder (Kawashima). 2002; 94:167-74
Smear layer
Clinical implications of the smear layer in endodontics: a review (Torabinejad et al). 2002;94:658-66
Sodium hypochlorite
Tissue-dissolving capacity and antibacterial effect of buffered and unbuffered hypochlorite solutions (Zehnder et al). 2002;94: 756-62
Solitary fibrous tumor
Solitary fibrous tumor of the parotid gland: a case report (Muñoz Guerra et al). 2002;94:78-82
SPECT; *see* Tomography, emission-computed
Splints
Bone SPECT imaging of patients with internal derangement of temporomandibular joint before and after splint therapy (Hersek et al). 2002;94:576-80
Squamous cell carcinoma; *see* Carcinoma, squamous cell
Stomatitis, aphthous
Celiac disease and recurrent aphthous stomatitis: a report and review of the literature (Sedghizadeh et al). 2002;94:474-8
Submandibular gland
Giant salivary gland calculi: diagnostic imaging and surgical management (Bodner). 2002;94:320-3
Lateral neck mass (Anavi et al). 2002;94:536-9
Submandibular and sublingual salivary gland function in familial dysautonomia (Wolff et al). 2002;94:315-19
Substance P
Expression of adenosine triphosphate P2X3 receptors in rat molar pulp and trigeminal ganglia (Jiang and Gu). 2002;94:622-6
Surgical flaps
The temporalis muscle flap in reconstruction of intraoral defects: an appraisal of the technique (Abubaker and Abouzgia). 2002; 94:24-30
Sweating, gustatory
Frey syndrome—delayed clinical onset: a case report (Malatskey et al). 2002;94:338-40
Synovitis
Does joint effusion on T2 magnetic resonance images reflect synovitis? Part 2. Comparison of concentration levels of proinflammatory cytokines and total protein in synovial fluid of the temporomandibular joint with internal derangements and osteoarthrosis (Segami et al). 2002;94:515-21
Relationships between pain-related mediators and both synovitis and joint pain in patients with internal derangements and osteoarthritis of the temporomandibular joint (Nishimura et al). 2002;94:328-32

T

T-lymphocytes
Angiocentric T-cell lymphoma presenting as midface destructive lesion: case report and literature review (Yih et al). 2002;94: 353-60
Temporal arteritis
Tongue necrosis secondary to temporal arteritis: a case report and literature review (Rockey and Anand). 2002;94:471-3
Temporalis muscle
The temporalis muscle flap in reconstruction of intraoral defects: an appraisal of the technique (Abubaker and Abouzgia). 2002; 94:24-30
Temporomandibular joint disk
Disk position and the bilaminar zone of the temporomandibular joint in asymptomatic young individuals by magnetic resonance imaging (Haiter-Neto et al). 2002;94:372-8
Temporomandibular joint disorders
Bone SPECT imaging of patients with internal derangement of temporomandibular joint before and after splint therapy (Hersek et al). 2002;94:576-80
Comparison of ultrasonography with magnetic resonance imaging in the diagnosis of temporomandibular joint internal derangements: a preliminary investigation (Uysal et al). 2002;94:115-21
Does joint effusion on T2 magnetic resonance images reflect synovitis? Part 2. Comparison of concentration levels of proinflammatory cytokines and total protein in synovial fluid of the temporomandibular joint with internal derangements and osteoarthrosis (Segami et al). 2002;94:515-21
Long-term evaluations of temporomandibular disorders in patients undergoing orthognathic surgery compared with a control group (Dervis and Tuncer). 2002;94:554-60
Osteosarcoma of the temporomandibular joint: report of 2 cases (Takehana dos Santos and Cavalcanti). 2002;94:641-7
Relationships between pain-related mediators and both synovitis and joint pain in patients with internal derangements and osteoarthritis of the temporomandibular joint (Nishimura et al). 2002; 94:328-32
Synovial chondromatosis of the temporomandibular joint: clinical, diagnostic, and histomorphologic findings (von Lindern et al). 2002;94:31-8
Temporomandibular joint and masticatory muscle involvement in myotonic dystrophy: a study by magnetic resonance imaging (Zanoteli et al). 2002;94:262-71
Ten-year outcome of nonsurgical treatment for the internal derangement of the temporomandibular joint with closed lock (Murakami et al). 2002;94:572-5
Teratoma
Congenital immature teratoma of the tongue: an autopsy case (Yoon et al). 2002;94:741-5
Three-dimensional imaging; *see* Imaging, three-dimensional
Thymidylate synthase
Thymidylate synthase and dihydropyrimidine dehydrogenase expression in oral squamous cell carcinoma: an immunohistochemical and clinicopathologic study (Kawasaki et al). 2002;94:717-23
Tomography, emission-computed
Assessment of perfusion of facial microvascular transplants and early detection of ischemia by perfusion–CT scan (Gaggl et al). 2002;94:425-31
Bone SPECT imaging of patients with internal derangement of temporomandibular joint before and after splint therapy (Hersek et al). 2002;94:576-80
Tomography, x-ray computed
Comparative study of clinical manifestation, plain-film radiography, and computed tomographic scan in arteriovenous malformations of the jaws (Fan et al). 2002;94:503-9
Regression of HIV parotid swellings after antiviral therapy: case reports with computed tomographic scan evidence (Mandel and Surattanont). 2002;94:454-9
Tongue diseases
Amyloidosis of the tongue as a paraneoplastic marker of plasma cell dyscrasia (van der Waal et al). 2002;94:444-7
Congenital immature teratoma of the tongue: an autopsy case (Yoon et al). 2002;94:741-5
Oral-facial-digital syndrome type II variant associated with congenital tongue lipoma (Ghossaini et al). 2002;94:324-7
Surgical management of macroglossia: discussion of 7 cases (Gasparini et al). 2002;94:566-71
Tongue necrosis secondary to temporal arteritis: a case report and literature review (Rockey and Anand). 2002;94:471-3

Tooth, impacted
A comparative study of odontogenic keratocysts associated with and not associated with an impacted mandibular third molar (Tsukamoto et al). 2002;94:272-5
Surgical and orthodontic management of compound odontoma without removal of the impacted permanent tooth (Kamakura et al). 2002;94:540-2
Tooth enamel
Central odontogenic fibroma-like tumors, hypodontia, and enamel dysplasia: review of the literature and report of a case (Raubenheimer and Noffke). 2002;94:74-7
Tooth extraction
Effects of 0.2% chlorhexidine gluconate and amoxicillin plus clavulanic acid on the prevention of alveolar osteitis following mandibular third molar extractions (Delilbasi et al). 2002;94:301-4
Grafting mandibular third molar extraction sites: a comparison of bioactive glass to a nongrafted site (Throndson and Sexton). 2002;94:413-19
Relationship between bleeding time test and postextraction bleeding in a healthy control population (Brennan et al). 2002;94:439-43
Transplants
Assessment of perfusion of facial microvascular transplants and early detection of ischemia by perfusion–CT scan (Gaggl et al). 2002;94:425-31
Functional fixation of autotransplanted tooth germs by using bioresorbable membranes (Gérard et al). 2002;94:667-72
Grafting mandibular third molar extraction sites: a comparison of bioactive glass to a nongrafted site (Throndson and Sexton). 2002;94:413-19
Resolution of oral non-Hodgkin's lymphoma by reduction of immunosuppressive therapy in a renal allograft recipient: a case report and review of the literature (Keogh et al). 2002;94:697-701
Response of autotransplanted teeth to electric pulp testing (Waikakul et al). 2002;94:249-55
A retrospective investigation of advanced periodontal disease as a risk factor for septicemia in hematopoietic stem cell and bone marrow transplant recipients (Akintoye et al). 2002;94:581-8
Trauma; *see* Wounds and injuries
Trigeminal nerve
Large myelinated nerve fiber hypersensitivity in oral malignancy (Eliav et al). 2002;94:45-50
Turner syndrome
Oral and clinical characteristics of a group of patients with Turner syndrome (López et al). 2002;94:196-204

U

Ulcer, oral; *see* Oral ulcer
Ultrasonography
Comparison of ultrasonography with magnetic resonance imaging in the diagnosis of temporomandibular joint internal derangements: a preliminary investigation (Uysal et al). 2002;94:115-21
Correlating carotid artery stenosis detected by panoramic radiography with clinically relevant carotid artery stenosis determined by duplex ultrasound (Almog et al). 2002;94:768-73

V

Vasculitis
Oral lesions as the first clinical sign of microscopic polyangiitis: a case report (Shiboski et al). 2002;94:707-11

W

Warts
Proliferation and invasion factors in HIV-associated dysplastic and nondysplastic oral warts and in oral squamous cell carcinoma: an immunohistochemical and RT-PCR evaluation (Regezi et al). 2002;94:724-31
Wegener's granulomatosis
Oral lesions as the first clinical sign of microscopic polyangiitis: a case report (Shiboski et al). 2002;94:707-11
Wounds and injuries
Automobile supplemental restraint system–induced injuries (Boyd). 2002;94:143-8
Delayed signs and symptoms after oropharyngeal trauma in a child (Bar et al). 2002;94:15-17
A retrospective study of selected oral and maxillofacial fractures in a group of Jordanian children (Qudah and Bataineh). 2002;94:310-14

X

X-ray film
Contrast perception in digitized panoramic radiographs compared with their film-based origin (Schulze et al). 2002;94:388-94
Xanthogranuloma, juvenile
Juvenile xanthogranuloma of the oral cavity in children: a clinicopathologic study (Flaitz et al). 2002;94:345-52
Xerostomia
Association of salivary flow rate with oral function in a sample of community-dwelling older adults in Japan (Ikebe et al). 2002;94:184-90
Elevated blood pressure is not related to saliva flow in patients with Sjögren's syndrome (Sankar et al). 2002;94:179-83
A simple technique for the determination of salivary gland hypofunction (Wolff et al). 2002;94:175-8

Z

Zoonoses
Dirofilaria repens presenting as a premasseteric nodule (Latifoğlu et al). 2002;94:217-20
